A close-up photograph of a swimmer's hand holding a black racing cap. The cap features a small American flag patch and the word 'DOUGLASS' in white capital letters. A pair of blue and white swimming goggles is attached to the cap. The swimmer, a woman with brown hair, is in the background, wearing a blue and white athletic top. The background is a blurred swimming pool.

# CAPS

Designed for competitive swimmers and World Aquatics approved, arena Racing Caps are the benchmark for performance and speed with innovative designs offering maximum drag reduction and hydrodynamics.

## CAPS FEATURES

### WRINKLE FREE

3D moulding gives the cap its ergonomic properties and eliminates wrinkles, making for a smooth glide through the water.

### PVC FREE

No PVC (polyvinyl chloride) plastic has been used.

### WATER REPELLENT

The superior water repellency of silicone and latex ensures that water does not penetrate the cap and reduces drag.

### EXTRA COMFORT

The selection of material and design ensure that the cap fits snugly, while also providing elasticity and ease of use.

### EASY TO WEAR

The design and the materials used in these caps make them especially easy to put on.

### SUITED FOR LONG HAIR

The cut, material, design and manufacture are tailored specifically towards swimmers with long hair, making the cap easy to wear.

### SMART CAP

Based on the combination of a band that holds your hair and breathable cap that protects it from water, the award-winning Smartcap is specifically designed for long hair swimmers.
