

Having trouble finding your team price for your summer suits?
Here is a checklist to make sure you get your team discount!

THE BEST way to access your team page

Type your team name in the search box at the top of the Toad Hollow home page.

Ex: Adamstown, Peachwood, etc.

It will take you to your "team page" with the discounted team prices. You do NOT need to log into your Toad Hollow customer account (if you have one) in order to arrive at this page.

PROBLEM

You logged into your Toad Hollow customer account but do not see team prices

This is usually because your account is already affiliated with another team. For example, your child swims for a year-round USA team, and you are trying to order a suit from your summer club.

Three fixes:

1. Create another account for the summer team with a different email. Annoying, but it works.
2. Log in & change your team affiliation to the summer club, then order your summer suit.

3. Go the easy way & place an order as a guest.

NOTE: All three suggestions still require the team name as the search keyword.

If you still have problems, please contact us!!
We are open daily for busy swimmers & families.
Plus, the email is monitored after hours.
